“TOGETHER IS
POWER”

Since 1993,

STAR YAGCILAR has started manufacturing of semi-trailers, trailers and truck tippers.

STAR YAGCILAR continues to grow with its customers with the experience which it has gained in a short time and with the trust and strength of developing and implementing its targets.

STAR YAGCILAR thanks to its qualified workers and state of the-art machine park, provides high quality manufacturing processes in its production.

STAR YAGCILAR provides a systematic traceability with its large investments in quality, makes production in a way that never compromises on quality in all processes from raw materials input to output of products.

STAR YAGCILAR is located in IZMIR which is the third biggest city in Turkey. Izmir has the biggest port in Turkey which is 17 km away from our Company.

The headquarter of STAR YAGCILAR 38000 m2 is located in KEMALPAŞA/IZMIR Industrial Zone.

18 000m2 Opened area, 20000 m2 closed production area.

6,70 HALF PIPE SEMI TRAILER

"TOGETHER IS POWER"

STR

6,70 HALF PIPE SEMI TRAILER

Description

Volume	24 m ³
Axles Group Capacity	27.000 - 36.000 Kg
Net Weight	+/- 6.800 - 7.000 Kg

Body Parts

Chassis	St 52 Steel High Quality
Spare wheel	Yes
Tool box	Yes
Spare wheel holder	Yes
Case Material	Hardox 450
Rear Door System	Mechanic
Mudguard	Yes
Water Tank	Yes 30 Lt
Fire Extinguisher	Yes
Side Protection Barrier	Yes - Aluminum
Ladder	Yes

Axles

Brands	SAF
Axles	3
Suspension	Air / Mechanic
Lifting Axles	2 Axles Lifting (1 Possible)
Tyre Size	385 / 65 R 22.5 / 6+1 Piece
Tyre Brand	Good Year (Equivalent)
Brakes	Disc / Drum

Case

Bottom Plate	5 mm - HARDOX 450
Side Wall Plate	4 mm - HARDOX 450
Front Wall Plate	4 mm - HARDOX 450
Rear Door Plate	4 mm - HARDOX 450

King Pin

Dimension	Jost or equivalent Turkish brand DIN 74080 standards 2" or 3,5" king pin detachable from below made by SAE standards 8 bolt type. With E certificate.
-----------	---

Systems

Cylinder Brand	Tipper movement is provided by level 5 or 6 stages heavy telescopic cylinder HIDROMAS brand.
Pump Operating Pressure	170 Bar
Maximum Pressure	190 Bar
Oil Tank Capacity	200 Lt
Electric System	Sa-Ba or Sertplas brand 2x7 pin sockets -24V, lights accord to standard in SAE rear stop lamps, side marker lamps, brake safety warning lamps and signal light fitted at the rear
Landing Legs	Heavy Duty execution 2 - speed
Brake system	WABCO - ABS - EBS braking system
Paint	Before the painting, the body is washed with special chemicals to purify the waste materials and cleaned by sand blasting method. After the pasting on the necessary surfaces of the body, the two-coat epoxy primer and two-coat water-based paint is applied on the body. All painting applications are made in the painting cabin.

Alternative Systems

Volumes	20 m ³ / 22 m ³ / 27 m ³ / 30 m ³
Cases Materials	HARDOX 450-St 52-Domex
Number of Axles	2, 3 axles
Tyres	Single or Double
Rear Door System	Hydraulic, Mechanic
Cylinder Brand	Tipper movement is provided by level 4 or 5 stages heavy telescopic cylinder brand certificated HYVA type brand.
Thickness	Side doors can be be 4, 5, 6 mm and bottom plate will be 4,5,6,8 mm thickness.
Axles Brand	BPW - OSMAN KOÇ - TRAX
Tarpaulin	Hydraulic / Manual (Optional)
